Establishment

Arc Kentucky Bluegrass is a big seeded variety type. This improved variety has shown fast emergence and quick establishment in trials.

The parental lines of Arc include Wildwood and Baron Kentucky Bluegrass. Arc produces a dark green medium width leaf blade while offering good resistance to Rust, Drechslera and Anthracnose diseases.

When looking for a variety where the application use is for home lawns, commercial properties and parks consider Arc Kentucky Bluegrass!

Benefits

- Medium Leaf Texture
- Dark Green Color
- Good Disease Resistance
- Nice Density During the Growing Season
- Fast Emergence and Quick Establishment

Estimated Seeds per Pound - 1,300,000

Seeding Rates

| | |
|--------------------|---------------------------|
| New Establishment: | 3-4 lbs/1,000 square feet |
| Overseeding: | 1-2 lbs/1,000 square feet |
