Gladiator is Columbia Seeds' new and improved Hard Fescue. Its dark green color and excellent seedling vigor sets the new standard for hard fescue performance.

Gladiator has shown excellent performance in the new Fine Leaf Fescue NTEP trials. Gladiator has superior density, seedling vigor and disease resistance. Gladiator is also currently being tested in the Regional Roadside Turfgrass Performance Testing Program.

Gladiator is a versatile cultivar used for golf courses, parks, commercial landscape, home lawns, roadsides and low maintenance applications. Gladiator has exhibited excellent turf quality under fairway mowing and is an excellent choice for bunkers, roughs and out of play areas. Gladiator is very shade tolerant and can be used in low maintenance situations. In low maintenance areas Gladiator provides many benefits such as reduced water and fertilizer usage. Gladiator can be used on its own or mixed with other Fine Fescues, Perennial Ryegrass and Kentucky Bluegrass.

Benefits

- Dark Green Genetic Color
- Drought Tolerant
- Great Spring and Fall Density
- Seedling Vigor
- Excellent Resistance to Red Thread, Dollar Spot and Leaf Spot
- Reduced inputs

Seeding Rates

New Establishment:	4-6lbs/ 1,000 square feet
Overseeding:	2-3lbs/ 1,000 square feet
