Water Warrior turf type tall fescue blend is particularly adapted for the Transition, Southern and Northern zones. With latest Improved varieties providing some of the highest disease resistance, darker green color and narrower leaf texture. With the AT® (Aggressive Tilling) trait you get improved density, increased root mass and enhanced establishment.

Water Warrior features excellent resistance to a complex list of diseases including brown patch and leaf spot. In addition to excellent heat and drought tolerance, Water Warrior exhibits good wear resistance, early spring green up, fine leaved textured, dark green color that provides an exceptional turf under many applications.

Benefits

- Outstanding Disease Resistance
- Drought Tolerant
- Dark Green Turf
- Fine-Leaf Texture
- Excellent Mowability
- Aggressive Tilling
- Superior Brown Patch Resistance
