

Product Information Sheet

Bordeaux Kentucky Bluegrass

is the result of years of testing and selection for top rated turf attributes like insect and disease resistance, dark color, fine leaf texture, persistence and heat tolerance.

Bordeaux is highly ranked under 2005 NTEP "Schedule C" lower inputs maintenance regime. It is an aggressive, low growing type that establishes quickly. Bordeaux is an ideal selection for sod production, low cut fairways, and anywhere an elite variety may be specified.

For more information on Bordeaux or any other Lebanon products, please call 1-800-233-0628 or visit www.LebanonTurf.com.

Characteristics
