Density

Establish your lawn quickly with Aries Kentucky bluegrass, known for its superior seedling vigor and rapid emergence. Once established, Aries develops a remarkably dense turf with an attractive, fine leaf texture. Aries exhibits excellent spring greenup and maintain its color over winter, making this Kentucky bluegrass a beautiful option all year long. Aries has proven shade-tolerance, as seen in the NTEP trials, as well as notable resilience to traffic stress. Aries offers strong protection against common turf diseases, exhibiting resistance to Dollar spot and Necrotic ring spot, and intermediate resistance to red thread.

Benefits

- Excellent shade tolerance
- Superior seedling vigor followed by excellent spring greenup
